Detailed Rationale

The rating downgrade is because of lack of adequate information regarding MMG Holdings Private Limited's performance and hence the uncertainty around its credit risk. Infomerics assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its policy.

The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the entity, despite the downgrade.

Non-cooperation by Issuer

Infomerics has been regularly following up with the company to provide the required data to monitor its assigned rating to the bank facilities, vide mail communications dated May 08th, 2020, May 19th, 2020, May 22nd, 2020, June 01st, 2020 and June 08th, 2020 and concurrently over several phone calls. However, despite repeated requests by Infomerics, the company's management has not submitted the essential details and fees for surveillance exercise.

Press Release

Availability of information is very critical in rating exercise. In the absence of the requisite information, in consonance with SEBI guidelines, Infomerics has to assign the rating based on the best available information.
