#### **Detailed Rationale**

Infomerics Ratings has upgraded its rating to the Bank facilities of Agriwise Finserv Limited (AFL) with outlook revised to Stable from Negative and removed from Issuer Not Cooperating category and simultaneously withdrawn with immediate effect based on 'No dues certificate' No objection Certificate' received from lenders who have extended the facilities which is rated by Infomerics. Withdrawal of the ratings of NCDs is based on 'No dues Certificate' received from Investor. Proposed NCD of AFL has been withdrawn as company is not going ahead with issuance of Proposed NCD as envisaged earlier.

The rating is withdrawn in accordance with the Infomerics Ratings' policy on withdrawal of rating.

The rating to the bank facilities of AFL continues to derive strength from strategic importance of parent company, comfortable capitalization and experienced promoters and management. However, rating is partially constrained by average asset quality and credit concentration risk.

The Stable outlook reflects as Infomerics expects AFL scale of operations is expected to grow at steady pace over FY25-FY27 as well as asset quality to improve in the medium term.

#### Credit Risk Concentration

AFL targets borrowers in the agriculture sector with moderate credit profiles, focusing on value chains and geographies based on its expertise and credit behaviour analysis.
