## Press Release

**Details of Facilities/Instruments are in Annexure 1. Facility wise lender details are at Annexure 2. Detailed explanation of covenants is at Annexure 3.**

### **Detailed Rationale**

As on 15 June 2025, Paisalo Digital Limited (PDL) has received fresh term loan sanction of Rs 250.00 crore from Indian Overseas Bank, Rs 50 crore from Catholic Syrian Bank and Rs 72 crore from Unity Small Finance Bank. Further, Cash Credit & WCDL limit of Rs. 50 crore from Catholic Syrian Bank has been closed, UCO Bank has converted cash credit and WCDL limits of Rs.23 crore to term Loan and there is also reduction in term loans due to periodic repayments. Also, the company has issued fresh CP issue of Rs 30.00 crore. Accordingly, the proposed and outstanding limits/instruments have been reclassified at the request of the company.

The reaffirmation of ratings assigned to various debt facilities/instruments of PDL continues to derive comfort from the established track record of operations and experienced management, consistent improvement in scale of operations, comfortable capitalisation, healthy asset quality and tie-up with prominent PSU banks for co-lending. However, these strengths are partially offset by portfolio and geographic concentration risk and intense competition in the industry.

The 'Stable' outlook indicates improvement in scale of operations and profitability which likely to sustain. IVR believes PDL's will continue benefit from its operational track record in the business, healthy asset quality, comfortable capital adequacy and diversified funding profile.

### **Key Rating Sensitivities:**

#### **Upward Factors**

- Substantial and sustained improvement in the scale of operations while maintaining healthy asset quality, comfortable capitalisation, and liquidity.
- Sustenance of the overall gearing

## Press Release

### Downward Factors

- Substantial deterioration in the scale of operations, asset quality, capitalisation and/or liquidity
- Deterioration in overall gearing

### List of Key Rating Drivers with Detailed Description

#### Key Rating Strengths

##### **Established track record of operations and experienced management.**

Paisalo group was established in 1992 and commenced its business loans operations in 2006 through Paisalo Digital Ltd (PDL) and has a long track record of around 18 years in retail lending business. In 2011, PDL acquired 100% stake in Nupur Finvest Private Ltd (NFPL) and forayed into unsecured retail lending. PDLs board comprises of ten directors including five independent directors and lead by Mr. Sunil Agarwal, Managing Director and CEO. He has more than 3 decades of experience in SME and retail financing. He is ably supported by other directors as well as by qualified and well experienced management team.

##### **Consistent improvement in scale of operations**

PDLs consolidated AUM stood at Rs 4586.00 crore (Including PDLs standalone AUM of Rs 4332.00 crore and NFPLs standalone AUM of Rs 254.00 crore) in FY24 (refers to period 1<sup>st</sup> April 2023 – 31<sup>st</sup> March 2024) when compared to consolidated AUM of Rs 3738.33 crore (Including PDLs standalone AUM of Rs 3,387.03 crore and NFPLs standalone AUM of Rs 351.30 crore) in FY23. The growth in on the back of improved disbursements which has increased from Rs 2,599.60 crore in FY23 to Rs 3,590.24 crore in FY24. On the back of which consolidated Net Interest Income (NII) has also increased from Rs 262.08 crore in FY23 to Rs 318.91 crore in FY24. However, consolidated Profitability remained stable with Net interest margin of 9.00% for FY24 (9.13% in FY23).

## Press Release

### **Comfortable capitalisation**

On a standalone basis, PDLs and NFPLs capitalisation remains comfortable at 35.92% and 23.08% respectively for FY24 (40.43% and 16.17% respectively in FY23) which is well above the minimum regulatory requirement of 15%. The consolidated tangible Networth has improved to Rs. 1,329.42 crore in FY24 from Rs. 1,162.54 crore in FY23 mainly due to retention of profits. The consolidated gearing remained comfortable at 2.00x in FY24 (1.82x in FY23).

### **Healthy asset quality**

Given the stringent lending policies/practices coupled with well-established recovery and collection mechanism, PDL has been able to maintain healthy asset quality over the years. For FY24, Gross and net NPAs of PDL remained healthy at 0.21% and 0.02% when compared to 0.25% and 0.02% respectively for FY23. NFPL has nil NPAs as on 31 March 2024 as the company has a policy of writing off the loans post 90dpd. (Nil NPAs in FY23). Collection efficiency of PDL stood at an average of ~95% for the last 12 months ending March 2024.

### **Tie-up with prominent PSU bank for co-lending of small ticket unsecured loans**

Paisalo group has entered into co-lending arrangement with 5 Public Sector Banks as on date namely, State Bank of India, Bank of Baroda, Karnataka Bank, Punjab National Bank and UCO Bank and assignment transaction with 4 Banks namely, South Indian Bank, SBI, Central Bank of India and Bank of Baroda., wherein it would originate loans under its income generation loans extended to both individuals and under its group lending schemes, of which major share would be funded by the PSU banks and the balance would be funded by PDL. PDL manages the loans including collections and generates fee income on the off-book AUM. This arrangement allows PDL to mitigate the risks associated with the unsecured lending portfolio.

### **Key Rating Weaknesses**

#### **Portfolio and geographic concentration risk**

Around 89% of group's loan book comprises business loans which are mainly chunky in nature. The company's operations are also constrained by geographical concentration risk.

## Press Release

Around 90% of the portfolio is concentrated in two states, viz., Delhi contributing to 79.89% and Uttar Pradesh contributing to 11.11% in PDL and ~99% of portfolio is concentrated in two states, viz., Delhi contributing to ~60% and Uttar Pradesh contributing to ~39% in NFPL. However, the company is taking initiatives to enhance its retail base and to spread its reach into other geographies. The company's MSME portfolio is booked in the Delhi as the underwriting process is centrally done through Delhi office because the larger ticket size component involved in the MSME category specialized staff is required to monitor the transaction. Therefore, with the operational efficiencies involved, MSME portfolio is booked in Delhi (as the booking cannot be made at the branch wise).

### **Intense competition in the industry**

The company is exposed to intense competition from other varied sized NBFCs. The lending industry focused on NBFC financing of varied ticket size is highly fragmented with unorganized/organized lenders also relying for the same set of borrowers. However, to some extent the robust digital model and outreach created by PDL along with turnaround time delivered, enables to attract and retain customers.

### **Analytical Approach: Consolidated**

For arriving at the ratings, INFOMERICS Ratings and Valuations Pvt Ltd (IVR) has applied consolidated rating methodology as detailed in the rating criteria below. IVR has analysed PDL's credit profile by considering the consolidated financial statements of the NBFC.

IVR has taken a consolidated view of the businesses and financial profiles of Paisalo Digital Limited and its subsidiary viz, Nupur Finvest Private Limited collectively referred to as Paisalo Group because of the commonality of management and businesses and significant operational and financial linkages between the entities.

### **Applicable Criteria:**

[Rating Methodology for Financial Institutions/Non-Banking Finance companies](#)

[Policy on Default Recognition and Post – Default Curing Period](#)

## Press Release

[Criteria of assigning Rating Outlook](#)

[Complexity level of rated instruments/Facilities](#)

[Financial Ratios & Interpretation \(Financial Sector\)](#)

[Criteria on consolidation of companies](#)

### **Liquidity: Strong**

The liquidity profile of the company remains strong with no cumulative mismatches in its asset-liability management profile as on March 31, 2024. Further, PDL's has a liquidity cushion of Rs. 75.61 crore in the form of cash and cash equivalents (Rs. 10.78 crore), liquid investments (Rs. 62.28 crore) and undrawn banking lines (Rs. 2.11 crore) as on 31 March 2024. IVR does not foresee any liquidity risk in the near term, given PDL's adequate liquidity position and its ability to raise funds.

### **About the company**

Paisalo Digital Limited (PDL) was incorporated in 1992 and is registered with RBI as a non-deposit taking NBFC. The company provides business loans to SMEs/corporates and income generation loans to individuals. Mr. Sunil Agarwal, the founder promoter of the company, continues to be the Managing director of the company since inception. The company is listed on Bombay Stock Exchange and National Stock Exchange.
