Press Release

Details of Facilities/Instruments are in Annexure 1. Facility wise lender details are at Annexure 2. Detailed explanation of covenants is at Annexure 3.

Detailed Rationale

As on 31 January 2025, PDL has received fresh term loan sanction of Rs 100.00 crore from Bank of India and there is also reduction in term loans due to periodic repayments. Also, the company has issued fresh NCD issue of Rs 25.00 crore and commercial Paper issue amounting to Rs 72.00 crore. Accordingly, the proposed and outstanding limits/debt instruments have been reclassified at the request of the company.

The reaffirmation of ratings assigned to various debt facilities/instruments of PDL continues to derive comfort from the established track record of operations and experienced management, consistent improvement in scale of operations, comfortable capitalisation, healthy asset quality and tie-up with prominent PSU banks for co-lending. However, these strengths are partially offset by portfolio and geographic concentration risk and intense competition in the industry.

The 'Stable' outlook indicates improvement in scale of operations and profitability which likely to sustain. IVR believes PDL's will continue benefit from its operational track record in the business, healthy asset quality, comfortable capital adequacy and diversified funding profile.

Key Rating Sensitivities:

Upward Factors

- Substantial and sustained improvement in the scale of operations while maintaining healthy asset quality, comfortable capitalisation, and liquidity.
- Sustenance of the overall gearing

Downward Factors

Press Release

- Substantial deterioration in the scale of operations, asset quality, capitalisation and/or liquidity
- Deterioration in overall gearing

List of Key Rating Drivers with Detailed Description

Key Rating Strengths

Established track record of operations and experienced management.

Paisalo group was established in 1992 and commenced its business loans operations in 2006 through Paisalo Digital Ltd (PDL) and has a long track record of around 18 years in retail lending business. In 2011, PDL acquired 100% stake in Nupur Finvest Private Ltd (NFPL) and forayed into unsecured retail lending. PDLs board comprises of ten directors including five independent directors and lead by Mr. Sunil Agarwal, Managing Director and CEO. He has more than 3 decades of experience in SME and retail financing. He is ably supported by other directors as well as by qualified and well experienced management team.

Consistent improvement in scale of operations

PDLs consolidated AUM stood at Rs 4586.00 crore (Including PDLs standalone AUM of Rs 4332.00 crore and NFPLs standalone AUM of Rs 254.00 crore) in FY24 (refers to period 1st April 2023 – 31st March 2024) when compared to consolidated AUM of Rs 3738.33 crore (Including PDLs standalone AUM of Rs 3,387.03 crore and NFPLs standalone AUM of Rs 351.30 crore) in FY23. The growth in on the back of improved disbursements which has increased from Rs 2,599.60 crore in FY23 to Rs 3,590.24 crore in FY24. On the back of which consolidated Net Interest Income (NII) has also increased from Rs 262.08 crore in FY23 to Rs 318.91 crore in FY24. However, consolidated Profitability remained stable with Net interest margin of 9.00% for FY24 (9.13% in FY23).

Comfortable capitalisation

On a standalone basis, PDLs and NFPLs capitalisation remains comfortable at 35.92% and 23.08% respectively for FY24 (40.43% and 16.17% respectively in FY23) which is well above the minimum regulatory requirement of 15%. The consolidated tangible Networth has

Press Release

improved to Rs. 1,329.42 crore in FY24 from Rs. 1,162.54 crore in FY23 mainly due to retention of profits. The consolidated gearing remained comfortable at 2.00x in FY24 (1.82x in FY23).

Healthy asset quality

Given the stringent lending policies/practices coupled with well-established recovery and collection mechanism, PDL has been able to maintain healthy asset quality over the years. For FY24, Gross and net NPAs of PDL remained healthy at 0.21% and 0.02% when compared to 0.25% and 0.02% respectively for FY23. NFPL has nil NPAs as on 31 March 2024 as the company has a policy of writing off the loans post 90dpd. (Nil NPAs in FY23). Collection efficiency of PDL stood at an average of ~95% for the last 12 months ending March 2024.

Tie-up with prominent PSU bank for co-lending of small ticket unsecured loans

Paisalo group has entered into co-lending arrangement with 5 Public Sector Banks as on date namely, State Bank of India, Bank of Baroda, Karnataka Bank, Punjab National Bank and UCO Bank and assignment transaction with 4 Banks namely, South Indian Bank, SBI, Central Bank of India and Bank of Baroda., wherein it would originate loans under its income generation loans extended to both individuals and under its group lending schemes, of which major share would be funded by the PSU banks and the balance would be funded by PDL. PDL manages the loans including collections and generates fee income on the off-book AUM. This arrangement allows PDL to mitigate the risks associated with the unsecured lending portfolio.

Key Rating Weaknesses

Portfolio and geographic concentration risk

Around 89% of group's loan book comprises business loans which are mainly chunky in nature. The company's operations are also constrained by geographical concentration risk. Around 90% of the portfolio is concentrated in two states, viz., Delhi contributing to 79.89% and Uttar Pradesh contributing to 11.11% in PDL and ~99% of portfolio is concentrated in two states, viz., Delhi contributing to ~60% and Uttar Pradesh contributing to ~39% in NFPL. However, the company is taking initiatives to enhance its retail base and to spread its reach

Press Release

into other geographies. The company's MSME portfolio is booked in the Delhi as the underwriting process is centrally done through Delhi office because the larger ticket size component involved in the MSME category specialized staff is required to monitor the transaction. Therefore, with the operational efficiencies involved, MSME portfolio is booked in Delhi (as the booking cannot be made at the branch wise).

Intense competition in the industry

The company is exposed to intense competition from other varied sized NBFCs. The lending industry focused on NBFC financing of varied ticket size is highly fragmented with unorganized/organized lenders also relying for the same set of borrowers. However, to some extent the robust digital model and outreach created by PDL along with turnaround time delivered, enables to attract and retain customers.

Analytical Approach: Consolidated

For arriving at the ratings, INFOMERICS Ratings and Valuations Pvt Ltd (IVR) has applied consolidated rating methodology as detailed in the rating criteria below. IVR has analysed PDL's credit profile by considering the consolidated financial statements of the NBFC.

IVR has taken a consolidated view of the businesses and financial profiles of Paisalo Digital Limited and its subsidiary viz, Nupur Finvest Private Limited collectively referred to as Paisalo Group because of the commonality of management and businesses and significant operational and financial linkages between the entities.
