

## Press Release

**TIL Limited**

**June 25, 2025**

### **Ratings**

<b>Security/ Facility</b>	<b>Amount (Rs. crore)</b>	<b>Current Ratings</b>	<b>Previous Ratings</b>	<b>Rating Action</b>	<b><a href="#">Complexity Indicator</a></b>
Long Term Bank Facilities	185.00 (Enhanced from Rs.160.00 crore)	IVR BBB-/Stable (IVR Triple B Minus with Stable Outlook)	IVR BBB-/Stable (IVR Triple B Minus with Stable Outlook)	Rating Reaffirmed	Simple
Short Term Bank Facilities	65.00	IVR A3 (IVR A Three)	IVR A3 (IVR A Three)	Rating Reaffirmed	Simple
<b>Total</b>	<b>250.00 (Rupees Two hundred and fifty crore only)</b>				

**Details of Facilities/Instruments are in Annexure 1. Facility wise lender details are at Annexure 2. Detailed explanation of covenants is at Annexure 3.**

### **Detailed Rationale**

The reaffirmation of the ratings assigned to the bank facilities of TIL Limited (TIL) continues to derive comfort from change in management of the company. The company was taken over by the promoters of Gainwell Group from January 2024 onwards. The ratings also consider the technical collaboration of the company with leading international players and healthy order book position reflecting near to medium term revenue visibility. Further, the ratings positively note the healthy improvement in business performance of the company in FY2025 (FY refers to the period from April 01 to March 31) which is the first full year of operations post takeover of the company by the Gainwell group with TIL achieving a total operating income (TOI) of Rs.339.40 crore in FY2025 post-acquisition of the company by the new management. These rating strengths are partially offset by working capital intensive nature of business and exposure to foreign fluctuation risk.

The outlook of the company is expected to remain stable on account of expected healthy business performance of the company on the back of strong support of Gainwell group coupled with its established presence in crane manufacturing segment.

### **Key Rating Sensitivities:**

### **Upward Factors:**

## Press Release

- Substantial and sustained growth in operating income and profitability leading to improvement in cash accruals and debt protection metrics
- Improvement in the capital structure marked by improvement in the overall gearing ratio
- Effective working capital management leading to improvement in liquidity

### **Downward Factors:**

- Dip in operating income and/or profitability impacting the debt protection metrics on a sustained basis
- Moderation in the liquidity position with elongation in its operating cycle
- Moderation in the credit profile of the Gainwell group

### **List of Key Rating Drivers with Detailed Description**

#### **Key Rating Strengths**

- **Resourceful promoters with long standing business experience**

TIL Limited (TIL) was acquired by the promoters of Gainwell group through Indocrest Defence Solutions Private Limited (IDSPL). Mr. Sunil Kumar Chaturvedi (promoter of the Gainwell group), through IDSPL had infused Rs.120 crore in TIL at the time of takeover of the company in January 2024. The funds have been used to partly settle the existing lenders of TIL through the OTS (One time settlement) mechanism which happened in January 2024 and to fund part of the working capital requirements. Gainwell group, through its flagship company, Gainwell Commosales Private Limited (GCPL) is an exclusive dealer of Caterpillar Inc.'s (CAT) construction and earthmoving equipment, mining equipment, the assembling and dealership business of diesel generator sets powered by CAT's engines, mining services, the manufacturing of mining equipment and renting of equipment in northern and eastern India, Nepal and Bhutan. Besides CAT, GCPL also has dealership of other large infrastructure players like Phillips Construction LLC and RPM Global Holdings Limited. GCPL has a strong financial profile, and TIL is expected to product, knowledge, technical and managerial support from the group as and when required. Further, Mr. Sunil Chaturvedi is a common director in GCPL and TIL. Mr. Chaturvedi is a Chartered Accountant and retired IAS by qualification with an experience of over three decades in the sector. He is supported by a team of other qualified directors and experienced personnel. IDSPL and its promoter Mr.Sunil Chaturvedi has articulated to provide operational, managerial and financial support to TIL during the full tenure of the bank facilities availed by the company.

- **Technical collaboration with leading international players**

## Press Release

TIL has a long term technical and strategic alliance with leading global equipment manufacturers like Groves Cranes, USA, Manitowoc Crane Group, USA, HYSTER, USA, etc. Earlier, the partnerships with the global capital goods giants were put on hold due to financial stress from FY2020 onwards. However, with change in management, the same has been restarted. These collaborations provide requisite technical support to TIL. Additionally, TIL Limited has partnered with Snorkel of Europe in August 2024 to become the official sales and service partner for their aerial work platforms in Southeast Asia. These strategic partnerships strengthen the company's market presence and enable it to offer innovative solutions to their customers.

- **Healthy order book position reflective near to medium term revenue visibility**

TIL has an unexecuted order book position of Rs. ~200 crore as on April 30, 2025 (0.59 times of its FY2025 consolidated total operating income) which consists of manufacturing orders of Rs. ~188 crore and orders for services and supply of spare parts of Rs. ~12 crore. The order book is expected to be executed within a span of 12-18 months indicating healthy near to medium term revenue visibility. Moreover, the orders are received from reputed private and government companies in sectors like defence, road construction, port handling, mining, etc. which indicates lower counter party credit risk.

- **Improvement in business performance in FY2025, which is the first full year of operations post takeover of the company by the Gainwell group**

With takeover of the company by the Gainwell Group from January 2024 onwards, TOI increased significantly from Rs.68.13 crore in FY24 to Rs.339.40 crore in FY25 driven by increase in sale of machines from 58 nos. in FY24 to 242 nos. in FY25. The significant increase in top line in FY25 is also attributable to introduction of new product ranges for the non-defence sector while also collaborating with defence agencies on various initiatives across the board in Navy, Army and Air Force. In FY2025, the defence portfolio accounted for about 47% of the overall operating revenue of the company while the remaining 53% is from the non-defence application. Further, the company had written back liabilities to the tune of Rs.23.88 crore in FY2025 (PY: Rs.1.21 crore) which added to the increase in TOI in FY2025 fiscal year. With increase in top line, TIL achieved EBITDA of Rs.37.62 crore in FY25 as against an operational loss of Rs.73.36 crore in FY24 driven by improved capacity utilization, ongoing project range expansion, process optimization efforts and operational expansion. PAT in FY24 was high and stood at Rs.302.55 crore which pertains to gains from sale of certain assets of Rs.28.00 crore,

## Press Release

and gains arising from OTS of debt obligations which happened in January 2024 to the tune of Rs.140.00 crore and the balance towards forgone of unsecure loans by the earlier promoters. Without considering the exceptional gain, PAT was negative at Rs.48.65 crore in FY2024. However, with increase in scale of operations under the new management, TIL achieved net profit of Rs.2.86 crore in FY2025. The management's ability to sustain the growth in its scale of operations while increasing the profit margins will be a key rating monitorable going forward.

### Key Rating Weaknesses

- **Working capital intensive nature of operations**

The working capital cycle of the company though improved from 301 days in FY24 to 149 days in FY25 yet remained high. The average collection period has generally been on the higher side due to sizeable portion of government contracts, involving procedural delays. This, coupled with the company having a very high raw material holding period (as its raw materials are generally slow moving and involves high lead time primarily in case of imports), resulted in an elongated working capital cycle, despite high creditor days. However, under the current management both debtors and inventory period reduced from 182 days and 345 days respectively in FY24 to 100 days and 153 days respectively in FY25.

- **Exposure to foreign currency fluctuation risk**

A large part of TIL's raw material requirement is met through imports which exposes the company to the risk arising out of fluctuations in foreign currency. The company had an unhedged foreign currency exposure of Rs.12.01 crore as on March 31, 2025.

### **Analytical Approach:** Consolidated

Infomerics has considered the consolidated financials of TIL Limited and its wholly owned subsidiary company – TIL Overseas PTE Limited (TILP), which is based out of Singapore on account of its common management team and strong operational & financial linkages. List of entities considered for consolidated analysis is given at Annexure 4.

## Press Release

[Parent/group support](#)

[Consolidation of companies](#)

### **Liquidity – Adequate**

The liquidity profile of the company is likely to remain adequate marked by sufficient cash accruals which is expected to increase with increase in scale of operations, vis-à-vis its debt repayment obligations in the near to medium term. Also, the company enjoys a strong parentage by virtue of being associated with the Gainwell group. The promoters have regularly supported the operations of the company by infusing funds from time to time. Apart from Rs.120 crore that was infused by the promoters in January 2024 during the time of takeover of the company, the company raised funds through rights issue to the tune of Rs.49.07 crore in FY2025 to support the operations of the company out of which Rs.38.08 crore has been infused by the promoter company – TIL Global Private Limited (Erstwhile, Indocrest Defence Solutions Pvt Ltd) and the balance is from public. Furthermore, the board of directors of TIL Limited in June 2025 approved the allotment of warrants convertible into equity shares to its promoter company TIL Global Private Limited to the tune of Rs.60.00 crore out of which Rs.15.00 crore has already been received till date and the balance will be received by end of FY2026 fiscal year or beginning of FY2027 fiscal year. Also, the company had free cash and cash equivalents to the tune of Rs.6.88 crore as on March 31, 2025, which is likely to support the liquidity position of the company in the near to medium term.

### **About the company**

Incorporated in 1944, TIL Limited (TIL) was initially started as a dealer for Caterpillar Inc (CAT). Subsequently, the company started manufacturing of cranes in 1962. The CAT dealership business was housed under a subsidiary Tractors India Pvt Ltd (TIPL). The subsidiary and the business were hived off in 2016-17 due to continuous losses and were purchased by Mr. Sunil Kumar Chaturvedi (Currently, the Managing Director of TIL). TIL has two manufacturing unit – Kamarhatty and Kharagpur in West Bengal. The plant at Kamarhatty manufactures cranes and reach stackers. It has an integrated mobile crane manufacturing site, which includes an assembly line for cranes with capacities ranging from 10 to 100 tons. The Kharagpur plant (started in 2011) manufactures hot mix asphalt and road construction equipment. Further, Kharagpur is an ERP-enabled modern plant with an assembly line capable of manufacturing cranes with a capacity of over 150 tons. The company has also

## Press Release

installed a 1-megawatt solar plant in this facility that meets approximately 90% of the plant's energy needs.
