Detailed Rationale

The rating revision is because of lack of adequate information regarding Bhunit Engineering Company Private Limited performance and hence the uncertainty around its credit risk. Infomerics assesses whether the information available about the company is commensurate with its rating and reviews the same as per its policy.

The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the company.

Non-cooperation by Issuer

Infomerics has been regularly following up with the company to provide the required data to monitor its assigned rating to the bank facilities, vide E-mail communications dated April 04, 2022; May 13, 2022; June 06, 2022; June 20, 2022; June 22, 2022; June 24, 2022, and concurrently over several phone calls. However, despite repeated requests by Infomerics, the

company's management has not submitted surveillance fees and all the essential details required for detailed review of the assigned ratings.

Availability of information is very critical in rating exercise. In the absence of the requisite information, in consonance with SEBI guidelines, Infomerics has to assign the rating based on the best available information. Accordingly, the long-term rating for the bank loan facilities aggregating to INR 16.84 crores of Bhunit Engineering Company Private Limited shall be migrated to the 'Issuer Not Cooperating' category by Infomerics and the ratings be noted as 'IVR BB ISSUER NOT CO-OPERATING' (IVR double B Issuer Not Cooperating); based on best available information.
