### Detailed Rationale

The revision in the ratings assigned to the bank facilities of Eppeltone Engineers Private Limited (EEPL) reflects lack of adequate information available and the uncertainty around its credit risk. Infomerics assesses whether the information available about the entity is commensurate with its rating and reviews the same as per its policy.

The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as this rating may not adequately reflect the credit risk profile of the entity.

## Press Release

### **Non-cooperation by Issuer**

Infomerics has been regularly following up with the company to provide the required data to monitor its assigned rating to the bank facilities, vide email communications dated February 2, 2023, February 20, 2023, February 27, 2023, March 3, 2023, and March 6, 2023, and concurrently over several phone calls. However, despite the repeated requests by Infomerics, the company's management has not submitted the requested information for monitoring the ratings.

Availability of information is very critical in the rating exercise. In the absence of the requisite information, in consonance with SEBI guidelines, Infomerics has to review the rating based on the best available information. Accordingly, the ratings for the bank facilities of EEPL aggregating Rs.14.67 crore has been moved to the 'ISSUER NOT COOPERATING' category by Infomerics.
