#### Detailed Rationale

The downgrade in the long-term and short-term ratings assigned to the bank facilities of Rayalaseema Industries (India) Private Limited [RIIPL] is because of non-cooperation by the company and lack of adequate information regarding RIIPL's performance and hence the uncertainty around its credit risk. Infomerics assesses whether the information available about the company is commensurate with its rating and reviews the same as per its policy. The outlook is revised from 'Stable' to 'Negative' due to information availability risk.

The lenders, investors and other market participants are thus advised to exercise appropriate caution while using this rating as the rating may not adequately reflect the credit risk profile of the company.

## Press Release
