**Note:** Unsupported rating does not factor in the explicit credit enhancement.

## Press Release

**Details of Facilities/Instrument are in Annexure 1**

**Facility wise lender details are at Annexure 2**

**Detailed explanation of covenants is at Annexure 3**

### **Detailed Rationale**

Infomerics Valuation and Rating Limited (IVR) has reaffirmed long term rating to IVR BBB-/Stable and short-term rating to IVR A3 for the bank loan facilities and non-convertible debentures (NCD)/Bonds to IVR A- (CE)/Stable of Rajasthan Rajya Vidyut Prasaran Nigam Limited (RRVPNL). The rating continues to draw comfort from the wholly owned by Government of Rajasthan (GoR), established track record of operations and experienced management, satisfactory financial risk profile, comfortable financial profile of GoR and maintenance of government securities by GoR. However, these strengths are partially offset by high receivable levels, high gearing and decline in tangible networth and highly capital-intensive nature of operations.

The 'Stable' outlook indicates utilities nature of business with assured offtake from state discoms.

IVR has principally relied on the standalone audited financial results of RRVPNL upto 31 March 2024 (refers to period April 1st, 2023, to March 31, 2024), and projected financials for FY2025, FY2026 and FY2027, and publicly available information/ clarifications provided by the company's management.

### **Key Rating Sensitivities:**

#### **Upward Factors**

- Substantial improvement in credit profile of the off taker along with timely realization of receivables on sustained basis
- Improvement in overall operational performance and debt protection metrics

#### **Downward Factors**

- Weakening of credit profile off-taker resulting in an elongated collection period
- Deterioration in operational performance, debt protection metrics and overall gearing

### **Adequacy of credit enhancement structure:**

For reaffirming the rating, Infomerics has assessed the attributes of the guarantee issued by GoR in favour of the rated bonds/NCD. The guarantee is legally enforceable, irrevocable and unconditional. Further, a trustee-monitored payment mechanism is in place to ensure timely payment of the interest and principal obligation. The support from GoR results in an enhancement in the rating of the said instrument to IVR A- (CE)/ Stable against the unsupported rating of IVR BBB-/ Stable.

## Press Release

### Transaction Structure

The transaction structure to ensure a timely payment under the credit enhancement is as follows:

Payment structure for bonds amounting to Rs. 324.81 crore

Trigger Date	Action Point
T-10	RRVPNL shall furnish to the trustees a certificate from State Bank of Bikaner & Jaipur (SBBJ) confirming the availability of adequate funds in the Designated Account (DIP)/ (DPP) for servicing of the bonds/ interest and/ or outstanding in relation thereto. In the event, there are inadequate funds in the Designated Account available for payment, or if the Trustees are otherwise satisfied, having regard to the circumstance pertaining to the RRVPNL that it would not be in a position to fully pay and/ or discharge obligations, the Trustees shall be entitled to call upon GOR to transfer amounts required by the RRVPNL for servicing the obligations in respect of the Bonds
T-5	GOR shall transfer the requisite funds in the Designated Account (s) and the RRVPNL shall furnish to the Trustees a certificate from SBBJ confirming the deposit of amounts by GOR.

"T" refers to the due date for interest payment/principal repayment

**Infomerics will consider T-10 as its legal final maturity for the purpose of recognition of default.**

Payment structure for NCD amounting to Rs. 541 crore

Trigger Date	Action Point
T-4	The Trustee shall ascertain whether there are adequate funds in the Designated Escrow Account to make payments to the Bond Holder (s) on the respective due dates. In case the designated Escrow Account is not funded adequately by the Company, an Event of Default occurs, the Trustee shall forthwith invoke the Guarantee by sending a written Notice to GOR
T-2	GOR shall transfer the requisite funds into the Designated Escrow Account

"T" refers to the due date for interest payment/principal repayment

**Infomerics will consider T-4 as its legal final maturity for the purpose of recognition of default.**

## Press Release

### List of Key Rating Drivers with Detailed Description

#### Key Rating Strengths

- **Wholly owned by Government of Rajasthan:**  
RRVPNL is wholly owned by Government of Rajasthan (GoR). Considering the strategic importance of power sector to the state government, it has extended support in the past which is likely to continue in future too.
- **Established track record of operations and experienced management:**  
The company commenced its operations in July 2000 and has a successful track record of more than two decades in the existing line of business. Overall activities of RRVPNL are managed by GoR nominated administrators and professionals with several decades of experience in power industry. They are ably supported by qualified and well experienced management team.
- **Satisfactory financial risk profile:**  
In terms of the debt coverage indicators, the interest service coverage ratio (ISCR) and the debt service coverage ratio (DSCR) remained satisfactory at 2.83x and 1.38x respectively in FY2024. The total operating income (TOI) improved by ~25.57% to Rs. 4,574.76 crore in FY2024 from Rs. 3,643.30 crore in FY2023.
- **Comfortable financial profile of Government of Rajasthan:**  
The budget 2023-24 (R.E.) of the State was presented with budget surplus of Rs. 28.41 crore. This indicates that it has been able to manage the state finances in a better manner than its peer states. Also, the fiscal deficit as percentage of GSDP of Rajasthan stood at 4.00% was lower than that of the national average. For the financial year 2023-24 (R.E) total receipts (excluding borrowing) stood at Rs. 2,37,672 crore.
- **Maintenance of government securities by GoR**  
The state government maintains government securities (GS) and auction treasury bills (ATB) with RBI. As on January 31, 2024, the corpus of Rajasthan state in GS and ATB stood at Rs. 129.00 crore and Rs. 8,000 crore respectively.

## Press Release

### Key Rating Weaknesses

- **High receivable levels**

RRVPNL has been discharging wheeling of power and transmission of electricity to Rajasthan discoms namely AVVNL, JVVNL and JDVVNL. It has continued to report high outstanding receivables levels in last three years. Weak credit profile of these discoms also restricts the credit profile of RRVPNL. However, outstanding receivables have marginally increased from Rs. 2,248.61 crore in FY2023 to Rs. 2,569.37 crore in FY2024. Out of said receivables Rs. 1,612.79 crore were receivable outstanding for less than six months and Rs. 956.66 crore were receivable outstanding for more than six months from the three discoms. The receivable more than six months are realizable as per company.

- **High gearing and decline in tangible network**

The overall gearing of the company stood high at 4.67x in FY2024. The company tangible network has declined Rs. 2607.48 crore in FY2024 from Rs. 3229.41 crore in FY2023 due to retention of losses. RRVPNL has relied on borrowings from banks, financial institutions and government funding to meet any cash flow mismatches.

- **Highly capital-intensive nature of operations:**

By virtue of its business, RRVPNL's operation continues to be capital intensive. In order to maintain operational efficiencies (i.e., replacing old towers and lines and modernization of the existing transmission lines), the company would have to incur regular operational capital expenditure. As a result, increase in term borrowings of the company might impact the overall financial risk profile.

### Analytical Approach:

**Credit enhancement (CE) rating:** For arriving at the credit enhancement (CE) ratings, IVR has analysed the credit profile of Government of Rajasthan (GoR) provider of irrevocable and unconditional corporate guarantee to the **NCD/Bonds** aggregating to Rs. 1450 crore of RRVPNL's. IVR has analysed RRVPNL's credit profile by considering the standalone financial statements.

**Unsupported Rating:** By considering the standalone financial statements of RRVPNL (without considering the credit enhancement) for bank loan facilities.

[Government Support](#)

[Complexity Level of Rated Instruments/Facilities](#)

### **Liquidity – Adequate**

The company has an adequate liquidity position. There are long-term secured and unsecured borrowings amounting to Rs. 11936.74 crore, as on 31st March 2024. Against a current portion of long-term debt (CPLTD) of Rs 1,381.03 crore in FY2024, the company had a cash accrual of Rs. 2318.10 crore in FY2024. The company projected to generate cash accruals of Rs. 1407.79 crore in FY2025 against a CPLTD of Rs. 1406.27 crore. With the adequate expected cash accruals against repayments, the liquidity position will remain adequate. Also, the comfort can be derived from the fact that the company has been supported by Government of Rajasthan which owns entire shareholding in the company.

### **About the Company**

Rajasthan Rajya Vidyut Prasaran Nigam Limited (RRVPNL) has been established by Government of Rajasthan under the provisions of the Rajasthan Power Sector Reforms Act, 1999 as the successor company of RSEB (Rajasthan State Electricity Board). The government of Rajasthan constituted the RRVPNL on 19th July 2000. It is a transmission company and procure power generated from Rajasthan Rajya Vidyut Utpadan Nigam Limited and transmit the same to the distribution companies namely, Jaipur Vidyut Vitran Nigam Limited (JVVNL), Ajmer Vidyut Vitran Nigam Limited (AVVNL) and Jodhpur Vidyut Vitran Nigam Limited (JDVNL). RRVPNL has been discharging wheeling of power and transmission of electricity.
